Last year, MCFI served more than 75,000 summer meals to children in Milwaukee. With current economic conditions resulting in higher unemployment, the agency expects that number to rise this summer.

The Summer Program receives funding from the U.S. Department of Agriculture and is administered by the Wisconsin Department of Public Instruction. Free meals will be made available to eligible children 18 years of age and under and to persons over 18 years of age who are determined by a state or local public educational agency to be mentally or physically disabled. In the operation of child nutrition programs no child will be discriminated against because of race, color, national origin, age, sex, or disability.

Any person who believes he or she has been discriminated against in any USDA-related activity should write immediately to the Administrator, Food and Nutrition Service, 3101 Park Center Drive, Alexandria, VA, 22302.
